“ *I have known Arlene for 40+ years. We went to concerts together Indy Car races and much more. In meeting her I got to meet my bff Annette. Wouldn't change a minute I spent with both of these ladies. Till we meet on the other side keep heaven on its toes Arlene the way only you can.*

“ *Arlene was A good friend who was always there when you needed her. She loved the neighbor dogs and would make her way around giving them treats. We called her " grandma Arlene". She will be very missed.*
