“ So sad to hear of Chuck's passing. Still remember his passion to build and have his own "T" Bucket car that had been a dream since he was a teenager. He purchased his dream car and shortly discovered that it was far from a beautiful thing. In fact, it was an absolute disaster, and he grit his teeth, and decided he was going to make it right. He put years and many thousands of dollars into making his dream car right. and, when it was over, parked it in the garage to daydream over the car. Chuck was an uncomplicated man with solid core values of decency and common sense. Chuck will be missed by all of those who ever had the pleasure and good fortune to know him up close and personal.
