“ *Met Dean last year at Blackstone Golf. What a great guy. Dean and myself shared the same birthdate. We will miss him greatly. My sincere condolences to his wife and family.*

“ *I remember Dean as a friend from grade school thru high school at Pawnee Rock, Kansas. I remember hay rides, card parties, over nights, playing in his barn and a 1958 chevy hardtop, that I thought was great. I remember eating the first pork chop I ever had at his house. Good thoughts, good friends and the journeys began.....I should have calledJD*
