“ *Im so sorry to hear this about Mr. Sorenson. He was one of my favorite and most memorable teachers. He was really talented, unique, and hilarious. I remember always looking forward to his classes during some tough times and I learned so much from him. Those classes were some of my favorite school memories. I know a lot of other students who also have great memories of him. My sincere condolences to his family.*

“ *I am so shocked!!! As a fellow art department teacher at Conant High school, I shared many art experiences with Geoff. He was a true artist. Luckily I have many of his ceramic pieces in my home that I appreciate every day. Shirley, Geoff, Linda and I felt like we challenged each other to do our best work at the same time imparting an appreciation for our craft to students. I always loved going to work!*

“ *Very sorry to hear about Geoffe's passing. I met him through his good friend, Monty Abbott, when we played in a racquetball league starting in the early 80's. My condolences to his family and friends.*
