

Joan C. Downey

December 20, 1930 - September 16, 2022

She was the Daughter to Robert and Nora Foster.
Sister to Bobby, Donny, Nancy and Kathy Foster
Mother to John, Steve, Conni and Charlene Downey
7 Grandchildren, 12 Great Grandchildren and 3 Great, Great Grandchildren.

Joan loved watching her children and grandchildren participate in sports and you could always hear her in the stands letting you know if you did not perform well. Her favorite Pro sports teams were the Cubs & the Bears. She got to see the Chicago Cubs finally win a World Series in 2016 and the Chicago Bears win the Superbowl in 1985.

She worked in a shrimp plant in Florida in the early 70's and we made her change her clothes before entering the house. Her lifetime work was a waitress which she was the best. She use to run circles around others much younger than her.

In her early days she loved to bowl and was very competitive as was her mother.

Her favorite pastime was spending time with family playing games which she never tired. Her favorite games were SKIPBO and UNO.

She was the ultimate mother to all and asked little to nothing for herself but

would give whatever she could to anyone in need though she had nothing.
She left all of us with a lifetime of memories and laughs. She is dearly missed!

You are loved by many and we know one day we will be together again.
