“ *I have many wonderful memories with her. Its hard to choose a favorite but one of my favorites is when I made us a big feast and we sat around talking, listening to music, goofing off and laughing all night. That night was filled with lots of love and laughs as all our times together were. When I lost my parents she stepped up and i truly have felt I was one of her own. Moving forward its going to be hard without her for all of us. I love you mom and miss you more than words can say.*
