Peg & I were friends, car pooled when working Monday the East Bank. Many good talks & dinners before she moved away. We talked often, burliest her phone number. Tried to connect w:her kids for info, but never heard back. I am deeply sorry for your loss, & deeply sorry that I was not able to say goodbye to Peggy. She was a loyal & good friend, smart as a whip, good writer, & had the best heart. RIP dear friend.

“ Dear Dimatteo family: I am so sorry for your loss. Peg was taken way too soon.

Peg was my first boss at the University of Minnesota, and we have been friends since 1989. It's not often you can call a current and former boss a friend. She always made working in the School of Public Health Dean's Office fun and an adventure. Will miss her very much.

Sending you all virtual hugs as you go through this difficult time.
