“ Randy and I were wardmates. I have tears. Moms were roommates when we were born. Next week is our day. This is a hard one. RIH MY FRIEND. You and Susan are together ❤️

“ I have been friends with Randy Spina since after My Frank Passed as Randy's wife Susan passed shortly afterward. We went to high school together Always in contact, he was very smart and funny. We were both grieving very badly for our losses. I Tried to get ahold of him last week and this week as I had not heard from him and I always had. Phone calls would not go through. I googled his name only to find his obituary. I will miss his sense of Humour. He missed Susan so bad. RIP Randy. I will miss him dearly. My deepest condolences to his family and friends.
